

# HOW TO USE GOGLE TRANSLATE

#### What is Google Translate?

- Google Translate is an online tool where you can translate words and sentences into over a hundred languages.
- You can download it as an app on your phone or IPAD or you can go to the webpage translate.google.com

## On a Computer

- Open your internet browser
- Go to translate.google.com
- You will see two text boxes
- You can write your own words, or you can copy and paste text into the left side box

#### Google Translate on an IPAD/Smart Phone

- Download Google Translate from the APP Store on your IPAD or your smartphone (Android/iPhone)
- When you open the app you will see a text box where you can write words or record yourself speaking. The application will translate what you have written or spoken into any language you choose.
