

HIGH SCHOOL OUTCOMES

In 2022, **students experiencing homelessness dropped out of high school at more than three times the rate of their permanently housed peers.** The on-time graduation rate for students in permanent housing (85%) was 14 percentage points higher than that for all students in temporary housing (71% of whom earned a diploma in four years) and 22 points higher than that for students in shelter (only 63% of whom graduated).
